

L2E

Premium

KECO's L2E Series delivers the world's most complete and powerful GPR arsenal, engineered to meet the highest demands of professional technicians. The Premium L2E model builds on our flagship system, featuring a well-organized drawer system with a custom tab layout that keeps every tab and accessory neatly stored and instantly accessible, reducing downtime and enhancing workflow.

Outfitted with advanced tools like the K-Power Lateral Tension Tools and Kwik-Stick Vacuum Power Leverage Bar, the L2E Premium empowers technicians to handle any repair with precision and speed. With protective features like the K-Locker for dust-free storage, a secure locking top, and a shadow board for visual organization, this system keeps your tools safeguarded and ready for action. You also have the flexibility to retrofit your existing L2E system to the L2E Premium model with our upgrade kit, adding enhanced functionality and advanced tools without needing to invest in a new system. Plus, we stand behind our products with a 90-day money-back guarantee and a lifetime warranty on all lifters and large tabs, ensuring your investment is as dependable as the results you deliver.

L2E PREMIUM **K-Tower**

410-8418-PL2E-S-KTW

\$12,999.00

Power & Versatility with K-Tower

Enhance your repair capabilities with the L2E Premium system equipped with the K-Tower, ideal for tackling complex, high-tension repairs. This setup is designed for technicians who need precise control and added strength for challenging dents and pulls. With the full toolset of the L2E Premium plus the advanced functionality of the K-Tower, you're prepared for any repair job, no matter the complexity.

L2E PREMIUM

with 2-Day OnSite Training

410-8418-PL2E-ROT2D

\$14,399.00

L2E Premium with Hands-On Training

Experience the ultimate in GPR training with our 2-day, on-site program right at your shop. This package includes the complete L2E Premium system, along with hands-on training from KECO trainers on live damage. Your team will learn key techniques, tab selection strategies, and receive personalized guidance tailored to your shop's unique needs. Ideal for technicians looking to maximize the system's potential and elevate their skills with real-world applications.

L2E PREMIUM

410-8418-PL2E-S

\$10,499.00

Complete GPR System for Skilled Technicians

The L2E Premium offers a full suite of KECO's most advanced tools and tabs, providing technicians with everything needed for efficient, precise repairs. With organized storage, a comprehensive toolset, and enhanced functionality, this all-in-one system minimizes downtime and maximizes productivity in any shop. Ideal for technicians looking to streamline their workflow with the best in glue pull repair technology.

L2E PREMIUM

No Locker or Locking Top

410-8418-PL2E-S-NL

\$10,099.00

Just the Essentials

This alternative version of the L2E Premium delivers the essentials for effective glue pull repairs, without the added bulk of a locker or locking top. Perfect for body shops that prioritize a minimalist setup, this model still includes KECO's full range of high-performance tools and tabs, allowing technicians to achieve outstanding results in less time. It's the optimal choice for space-conscious operations looking to maximize efficiency.

L2E PREMIUM

System Upgrade (L2E to Premium L2E)

410-8418-PL2E-UG

\$5,299.00

Upgrade Your L2E System to Premium Performance

Transform your standard L2E into a fully-loaded Premium L2E with our Retrofit Kit, designed to enhance functionality and streamline repairs. This kit equips your system with advanced features, including the custom drawer and tab layout, additional tension tools, and a shadow board for organized storage. Gain access to KECO's most powerful repair tools, ensuring smoother, faster repairs on even the toughest jobs—all while keeping your investment cost-effective. Perfect for technicians looking to boost efficiency and tackle complex repairs with confidence.

L2E

410-8418-L2E-S

\$4,999.00

Complete GPR System for Skilled Technicians

KECO's L2E System is a powerful, all-in-one glue pull repair solution, perfect for shops looking to boost efficiency and precision. Featuring top tools like the K-Beam® and Robo Lifter, along with a KECO Shop Light and organized GPR tool cart, this system keeps your workspace streamlined and ready. The L2E covers all repair needs, from large pulls to fine detail work—though for those looking to maximize performance, the Premium L2E up- grade offers even more flexibility and control.
